

THE BILDERBERGERS

Last month I said George Soros, the moneyman behind the vile MoveOn.org was a Bilderberg attendee. What is Bilderberg?

The Bilderbergs are a group of international financiers, businessmen, and opinionmakers. (1)

The membership is made up of Kings, Queens, Princes, Chancellors, Prime Ministers, Presidents, Ambassadors, Secretaries of State, Wall Street investors, international bankers, news media executives, and wealthy industrialists. Their meetings are by "invitation only"(2)

The first meeting of the group was held at the Hotel de Bilderberg (hence their name) in Oosterbeek, Holland on the weekend of May 29-31, 1954. This first meeting was initiated by a Dr. Joseph H. Retinger, a mysterious political advisor with ties to Freemasonry, the Jesuits and the Vatican. His stated purpose for the organization was to nurture a better understanding and friendship between Western Europe and the U.S.A., but actually, there was a more sinister agenda: the establishment of a **World Government** and **New World Order**. He was appointed Secretary of the organization and remained in that position until his death in 1960. Curiously, his middle name, *Heironymus* literally means Member of the Occult.

The meetings have been held at least once a year since then. They meet in five-star hotels, resorts and sometimes in the palatial, walled hideaway retreats of one of their members. The confines of their meeting area are closely and aggressively guarded by private security guards, the local police and at times the military of the host country. They meet in exotic locations from Athens, Greece and Cesme, Turkey to Lake Maggiore, Italy and Williamsburg, Va. The secrecy (they prefer the word *privacy*) is so tight that these meetings are **almost never** mentioned in the mainstream media in spite of the fact that they are attended by media representatives from such formerly prestigious news outlets as the New York Times, Washington Post, other major city newspapers, ABC, CBS, CNN, and NBC. Why? The press are now conglomerate corporations and part of the conspiracy.

Ace reporter, Jim Tucker formerly of the now defunct Publication,

...his middle
name,
Heironymus
literally means
Member of the
Occult.

Spotlight who investigated the Bilderbergers since 1973 answers skeptics and debunkers of the Bilderberg Conspiracy with this question:

"If 120 film stars, or 120 pro football players, gathered secretly each year, in a sealed-off resort patrolled by armed guards, you would bust your [expletive deleted] to learn what transpired. Why, then, no curiosity when 120 of the world's most distinguished leaders in finance and politics gather in that way?" That question has never been answered.(3)

Read footnote 3; this book is a **must read!** I will tell you about other books in future articles, some you should read and a few more you **must read!**

The 2005 Bilderberg meeting that was held On May 5-8 in Rottach-Egern, Munich, Germany. World-wide, award-winning investigative journalist, Daniel Estulin reported that the Bilderbergs were targeting the *American Christian Patriot* movement because they were a nuisance and had to be dealt with.

Later that year the **ACLU** heated up their attack on God in America. They wanted the phrase, "*Under God*" deleted from the Pledge of Allegiance and "*In God We Trust*" obliterated everywhere in government. So far they have failed. Also, the year 2005 gave rise to the infamous "*War on Christmas*" spearheaded by (you guessed it) the preeminent commie organization, the **ACLU**. That ploy also failed after a long battle, thanks primarily to the *Fox News* guys: Bill O'Reilly, John Gibson and Sean Hannity. The mainstream media disingenuously denied there was a war on Christmas.

Thank you and remember: *Knowledge is power!*
